Concetto™

8551 Amethyst bench

Take Your Imagination Anywhere

A perfect surface is like the icing on a cake. It's the final touch, your own personal signature. Finding exactly what you want isn't easy. At Caesarstone, we get creative with our quartz, creating more colours, styles and combinations. Whether for the kitchen, bathroom or living room, there's a Caesarstone style that meets your needs, captures your spirit and sparks your imagination. With our four collections of unique quartz surfaces, you can turn your vision into reality.

Concetto – The Semi Precious Stones Collection

Release your inner designer and fully express your artistic vision with Caesarstone's exciting range of superior luxury surfaces. Available in 12 exquisite colours, this inspiring handcrafted collection incorporates the best quality semi-precious stones from across the globe.

8551 Amethyst

8630 Red Tiger Eye

8531 Blue Agate

With endless inspiring possibilities at your fingertips, all you need is a dash of creativity to design a stunning space, different than any other.

Nature's Beauty Shines Through

Concetto surfaces are handmade from individually cut and bound semi-precious stones. The vividly coloured semi precious stones are transformed in a process which captures and enhances their innate brilliance. The result - luxury surfaces which will give your interiors the wow factor you're after. For even greater impact, some of the designs have a natural translucency which can be backlit to create a truly inspirational atmosphere.

An Exceptional Finish

Concetto surfaces, created with dimensions of 141.5 x 302cm and a thickness of 25mm, have outstanding looks with built-in durability. They are also easy to care for, since there's no need to seal, polish or wax them. Surfaces simply need cleaning with mild detergent to keep them looking like new for years to come. Concetto™ surfaces are heat and scratch resistant too, making them practical and hard wearing.

Uncompromising Quality

Every Concetto slab is a unique creation. Our quality control is second to none as we check each slab individually before declaring it flawless. We are also committed to the highest safety and eco standards, and take great pride in becoming the first quartz manufacturer to achieve the ISO 14001 international standard for environmental management and performance.

All our products meet the stringent American Greenguard standards - and we are proud to have NSF (National Sanitation Foundation) accreditation which means our surfaces are safe enough for use in labs, healthcare facilities and food prep environments. To guarantee your complete peace of mind, rest assured that all Concetto luxury surfaces come with a comprehensive warranty.

Globally Present

Caesarstone has showrooms and dealerships in over 40 countries worldwide - no matter where you live, our professional support network will provide you with efficient service and the highest level of customer support.
